Applied Nuclear Physics Conference 2021

www.anpc2021.cz

We were honoured to present the excellent plenary and invited speakers from many nuclear physics applications, enthusiastic young scientists and students as well as presenting companies and sponsors. ANPC had a privilege to host two IBA – Europhysics Prize winners (Marco Durante – IBA Prize winner 2013 and Thomas Haberer – IBA Prize winner 2020) as well as the deputy of NPD EPS (Iva Bogdanovic Radovic).

Applied Nuclear Physics Conference

2021

www.anpc2021.cz

ANPC was exciting, fruitful and inspiring event, full of scientific synergy, new ideas and multidiscipline interconnections. ANPC offered 5 plenary talks, 26 invited talks and 54 talks in parallel sessions. About 35 e-posters and on site posters were presented within the two poster sessions. In total, ANPC hosted 124 participants from 21 countries – 66 on site and 58 on line.

The ANPC final program is available https://www.anpc2021.cz/AMCA-ANPC2020/media/system/program/ANPC-program_FINAL.pdf

and you can also download the Book of Abstracts.
